

First off I want to say a big Thank You to both presenters; Trish Buttice and Tim Garrow for presenting about their Driver's Ed programs for our local youth. I have attached some handouts that were shared on Friday at our Core Transition Team Meeting.

Precision Driver Training School contact information; **Tim Garrow**,
(802)754-2842

NCUHS Driver's Ed Teacher; **Patricia Buttice**, (802)334-7921

Both presenters discussed the importance of ensuring a student is ready to take Driver's Ed, not just because their parent wants them too and how each student needs to practice their driving skills outside of school.

If you have additional questions feel free to outreach to either of them or you can always let me know.

Save the date for our next Core Transition Meeting; Dec 6th at NCCC from 10:30-12pm.
