

Newport Core Team February 2021

Northlands Job Corps Center. Below you'll find the Rose provided answers to all questions asked during her presentation.

1. Is Job Corps fully funded by WIOA? Yes all Job Corps are funded by WIOA.
2. How many reattempts does a student get at the TABE? And is that a timeframe for re-attempts?

If a student tests under the 9th grade in Reading and under the 11th grade in Math, they will need to take classes until they reach those levels. The TABE is administered after 60 (or more) hours of instruction per subject. There is no limit to the number of times it can be taken.

3. What is Northlands placement rate for Career Transitions Services? (what is the percentage of students whom end up placed in a job?) Northlands placement rate is 94.1%, which means that since 7/1/20, we have had 50 students leave the program both graduates and former enrollees. 34 students were placed in a job. Our average wage is 14.14 per hour, which is 2.00+ over the goal for Northlands Job Corps Center. We are ranked 8th in country. We were 3rd as of 6/30/20 but we are in a pandemic so it does make a difference. Graduates from our program are tracked and followed up with for up to 1 year after graduation. This is to insure they have housing leads, job leads, and resources to thrive and live independently. Our goal is for students to have and attain a job within their trade and to have access to the resources which they need. Our Career Transitions Services team is diligent and dedicated, and students are successful! Former enrollees are also followed up with, supported and sent resources.

Northlands Job Corps- Live Virtual Tour

Our next **Live Virtual Tour** of our Center and all it has to offer interested youth ages 16-24. Please join us on February 23, 2021 @ 1pm via WebEx. You will find the WebEx link below, please let me know if you are able to attend and the number of (anticipated) participants that will be joining you. Please contact me with any questions or concerns.

Join from the meeting link below -

Please find attached our Job Corps E Brochure and the Northlands Job Corps Center brochure. If you have a student whom is interested in Job Corps and would like to refer them, please get in touch with me via email at rnelson@jobcorps.org or via phone- (802)-458-2249. We are actively accepting application for our programs! I hope to hear from you regarding your interested students! Additionally, we are always available for virtual presentations or to have virtual information session for the youth or students whom you serve. We can also send resources via mail. At this time, due to COVID-19 we are not offering presentations in person!
